STATEMENT OF UNINTENTIONAL DELAY

The Applicant respectfully submits that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137 (b) was unintentional.

The Applicant submits that, after the Notice Regarding Drawings dated January 12, 2005 was received from the USPTO, the Applicant intended to enter a deadline in its database to monitor the due date, the two months past the Notice Regarding Drawings was mailed, by which the requested corrected drawings would have been immediately sent via courier to the USPTO to maintain the application alive. Unfortunately, due to a clerical error, the deadline was not entered into the database. The Applicant respectfully submits that he had every intention of continuing with the prosecution of the application.

The Applicant now submits the required reply to the Notice Regarding Drawings together with a replacement set of corrected drawings and respectfully requests that the petition to reinstate the prosecution of this application be granted.

A check is attached to cover the petition fee amounting to \$1,500.00.
